PRINSA GHIMIRE

prinsaghimire101 | prinsaghimire.com.np | prinsaghimire23@gmail.com

Summary

UI/UX Designer with more than 5 years of experience in startups, enterprises, and academia. Experienced in user research, prototyping, and design systems, with a focus on optimizing workflows, enhancing human–computer interaction, and improving user experiences. Strong collaborator across product, engineering, and research teams. Passionate about delivering impactful, high-quality solutions and advancing research in UX, HCI, and AI-driven design innovation.

Experience

- **East Tennessee State University** *August 2024 - May 2026*
  Graduate Assistant Tennessee, USA
  - Delivered instructional support for **Using Information Technology CSCI1100 lectures and facilitated CSCI1150 labs** for undergraduate students, guided computing fundamentals and supported hands-on learning experiences.
  - Aided in the design of instructional content for the UIT website, ensuring accessibility, university branding alignment, and cross-device usability.
  - Designed digital applications to streamline workflows for Department of Computing and improve efficiency through collaboration with faculty and IT teams.

- **Heubert Technologies** *February 2024 - July 2024*
  UI/UX Designer New South Wales, Australia
  - Conducted user research and designed wireframes, user flows, and interactive prototypes for an education service-focused CRM system, applied iterative design methods to study user behavior and **improved engagement by 50%.**
  - Collaborated with cross-functional teams to translate research insights and user needs into high-fidelity designs, supported evidence-based product strategies.

- **Pagoda Labs** *December 2022 - February 2024*
  Lead UI/UX Designer Lalitpur, Nepal
  - Led UX research, user testing, and accessibility evaluations **for 15+ websites and 3 ERP systems, including Nepal's largest car dealer management platform** and generated actionable insights to inform design improvements.
  - Mentored junior designers and students, provided guidance on prototyping, design systems, and critique processes to foster collaborative learning and professional growth.

- **Clock B Business Innovations** *August 2022 - December 2022*
  UI/UX Designer Kathmandu, Nepal
  - Designed user flows, wireframes, and high-fidelity prototypes for an investment portal used by 100+ partners, analyzed interaction patterns to inform design decisions.
  - Applied information architecture and visual hierarchy principles to evaluate and improve usability, **increased task completion and engagement by 20%** while generating insights relevant to user interaction.

- **Uptechsys Pvt. Ltd** *December 2020 - August 2022*
  UI/UX Designer Kathmandu, Nepal
  - Collaborated with design, development, and research teams to create user-centered digital products, ensured alignment with accessibility standards, design systems, and evidence-based best practices.
  - Ensured consistency in visual design, typography, and interaction patterns across platforms, contributed to usability and human–computer interaction.

Education

- **East Tennessee State University** *August 2024 - May 2026*
  Masters in Information Systems (User Experience Engineering) Tennessee, USA
  - Honors: Graduate Assistant, Full Scholarship, GPA: 4

- **St. Xavier's College | IOST | Tribhuwan University** *November 2017 - October 2021*
  Bachelor's in Computer Science and Information Technology Kathmandu, Nepal
  - Honors: The FR. Martin P. Coyne, S.J. Memorial Award for Outstanding Moral Uprightness | Partial Scholarship

- **St. Xavier's College | National Examination Board** *2015 - 2017*
  Intermediate Level: Science Major Kathmandu, Nepal
  - Graduated with Distinction (Among the 556 applicants accepted out of 15000 applicants)

Research Projects

- **[Thesis] Perceptions and Behaviors in Gameplay** *Jan 2025 - March 2026*
  A Qualitative Study of Self-Reported vs. Observed Engagement Through Gamification User Types Hexad Scale [🌐]
  ◦ This study explores the relationship between the self-reported Gamification User Types Hexad Scale survey of users and their actual behavior during immersive gameplay, to determine whether self-identified player types align with real engagement patterns.
- **[Accepted in the Voice Foundation Annual Symposium 2026] MARVEL** *August 2025 - Present*
  Machine learning–based classification framework for Voice Evaluation across multiple disorders
  ◦ This project encompasses data preprocessing, management, and feature selection from clinical voice datasets, machine learning for classification of pathological versus non-pathological voices, and evaluation for potential integration into clinical decision support systems.

Skills

- **Research & Analysis:** Qualitative and Quantitative Research, User Research, A/B Testing, Moderated and Unmoderated Usability Testing, Heuristic Evaluation
- **Interaction & Experience Design:** Interaction Design, Prototyping, Wireframing, High-Fidelity Visuals, Visual Communication, Visual Hierarchy, Design Systems, Iterative Design, Problem-Solving, Typography, Branding Alignment, AI-Assisted Design
- **Technical Skills:** Figma, Adobe Suite (XD, Illustrator, Photoshop, Premiere Pro), Front-End Development (HTML, CSS, JS), Python, Google Analytics, Adobe Analytics, SPSS, Taguette, MS-Office (Word,Excel,Powerpoint)

Certifications

- **Human Factors & Usability Engineering: Designing for Humans** *September 2025*
  Arizona State University [🌐]
- **Google UX Design** *August 2025*
  Google [🌐]

Leadership Experience

- **The CBAT Andrew Leadership Academy** *September 2025 - May 2026*
  East Tennessee State University [🌐]
  ◦ The CBAT Andrew Leadership Academy is a unique leadership opportunity in the College of Business and Technology (CBAT) that enhances the professional development of selected CBAT undergraduate and graduate students through educational experiences focused on personal introspection, understanding others, triple bottom line success, leading and coaching, building financial acumen, delivering project results and providing service leadership opportunities.

Honors and Awards

- **Student Excellence Award** *April 2026*
  East Tennessee State University [in]
  ◦ This award is presented to the student who has demonstrated outstanding academic achievement, leadership, and dedication within their chosen program in the College of Business and Technology, exemplifying excellence among more than 3,000 students across six academic departments and reflecting the highest standards of scholarship recognized by the college's Student of Excellence honor.
- **The FR. Martin P. Coyne, S.J. Memorial Award for Outstanding Moral Uprightness** *December 2022*
  St. Xavier's College [in]
  ◦ This award is presented to the student who has demonstrated outstanding character formation and behavioral traits while upholding the Xavierian profile of Academic Excellence, Moral Uprightness, Emotional Well-Being, Social and Environmental Responsibility, and Spiritual Wisdom.

Volunteer Experience

- **Appalachia Service Project** *2025*
  Johnson City, Tennessee
  ◦ Volunteered with the ASP, helping paint and restore homes to make them warmer, safer, and drier for families.
- **Rural Immersion Camp** *2020*
  Shree Ramdevi Secondary School, Nepal
  ◦ Effectively interacted with the teachers, students as well as their parents and carried out sport programs, leadership sessions and science exhibitions. Setup computer labs for better school environment.
- **Shikshalaya : Remote Digital Learning Project** *2019*
  Bholebaba Aadarsha Bidhyalaya, Parsa, Shree Rastriya Aadharvut Madhyamik Vidhyalaya, Nepal
  ◦ Distributed stationery, food, and sports supplies; renovated the computer lab; upgraded the library with more than 200 new books; and carried out renovations to improve the school building.
